At Work For You<sup>™</sup>

# Keep facilities open and in use during construction

## › Lightweight, strong and flexible

- › Modular components and unique lacing/bracing system for quick and safe installation and dismantle.
- › Lightweight aluminum trusses provide great strength in relation to weight.
- › Available for purchase or lease.
- › AlumaSafway is a nationwide distributor of HAKI® products in Canada.

Productivity takes flight in Atlanta with HAKISPAN 750

*“This is a very congested area with a constant flow of foot traffic. It had to be free span, and the HAKI® system was the answer.”*

– General Superintendent, International Airport, Atlanta, Georgia

AlumaSafway offers the broadest range of access and industrial solutions with the greatest depth of expertise.
